Letter of support for ISIC Danmark

Danish Students Abroad (DSA) recognises and supports ISIC Danmark (International Study Identity Card) and the work they do for students in Denmark and internationally. The ISIC card gives students access to more than 125.000 discounts worldwide - making it more affordable to be a student.

DSA is constantly working to improve the situation for Danes who study abroad and we are incredibly pleased that with an ISIC card, our Plus members will now have access to the many attractive discounts that ISIC offer.

Studying abroad is a fantastic experience, but can no doubt be costly. Our members will now benefit from cheaper phone bills, computers, plane tickets and other essentials when studying abroad - this is crucial to achieving ISIC and DSA's shared vision: Lowering the barriers to studying abroad and making it a more accessible experience for Danish students.

Best regards,
Mia Eskelund
